## The Ypsilanti Commercial.

PUBLISHED WEEKLY, BY  
C. R. PATTISON.

## STATE CAMPAIGN.

Several of our contemporaries advocate an early convention. The Detroit Tribune favors a convention not sooner than the latter part of August. We hope the convention will not be called before the middle. Eleven weeks is ample time for actual campaigning. So far as educating the public sentiment, the Republican papers are thoroughly doing it, and will continue to do so as effectually, and perhaps more so than if the candidates were in the field. Give ample time for Congress to present to the country a sound reconstruction platform. Let that platform be fully explained and clearly understood by the masses, then make our nominations and enter upon a vigorous, active campaign—a strong pull and a pull all together. We most heartily second the suggestions of the Tribune.

## WON'T DO.

The Ingham County News recommends the nomination of Ezekiah G. Wells for Governor. Mr. Wells may be an estimable citizen, an able man, and a sound Republican. But it won't do. Gov. Crapo, Mr. Wells, and the whole range of home politicians must give way to higher claims. The true policy of the Republican party is to put forward the men who fought our battles. The Democracy are going to do it. Wherever they can hitch on to a Johnson soldier they will place him in nomination. It is thunder that belongs to the Republican party. The Republican party fought the war, gained the victory, and is legitimately entitled to all the political capital that can be made out of the blood-stained sacrifices of the heroes of the war. The President, the false friend of the soldier, intends to use him, if possible, to destroy the Republican party. It is not only a necessity, but a happy and glorious necessity, that in every instance practicable we nominate and elect our reliable, capable soldiers. At the last election in New York the Republicans gladly did so and conquered. The same in Connecticut and Ohio. In Pennsylvania Gen. Geary is candidate for Governor. We shall advocate the nomination for Governor of some one of those noble men who honorably led our Michigan troops into battle and to victory. Policy, sound wisdom, gratitude and patriotism, combine to inspire us to such a course of action. Adopting it, we shall gain an overwhelming victory for the right. Reject it, and the campaign will drag, and though we may not be wholly defeated, our columns will be badly shattered—some outposts will be taken—in close districts we shall be totally routed. Failing in gratitude and in rendering proper recompense to our soldier heroes, who entered the gap in the need of the Republic, fought and bled, and saved her, we shall deserve to be defeated.

## THE NOBLE APPEAL.

The Swiss in their free mountain home, have made a noble appeal to our government to enfranchise the colored man. Says the Independent:

"The Swiss love Liberty. Mountains make free spirits. The Republic of the Alps has sent an appeal to the Republic of America, praying for the enfranchisement of the negro. This is what we expected from Switzerland—the truest of all European governments to the American cause during the war."

Six conventions—that is to say, Geneva, Basle, Neuchâtel, Tassin, Bern, and the Canton de Vaud—signed their names to this unique petition to the American Government to do justice to its oppressed citizens. The address has been presented to the President and Congress of the United States, and is now before the American people."

Shall we listen to the appeal? Shall we be just? Or shall we cling to iniquity and deserve and reap the judgments of God? We give extracts from the appeal.

"The more you desire the dark question to cease troubling the United States, the more you will feel that it must be disposed of: unfinished questions have no pity for the repose of mankind."

"Those are rare days in the history of mankind when politics and the gospel move hand in hand—days of sunshine unobscured by a cloud."

"That prudent measures should accompany the conferring of the right of suffrage in the South—that, for instance, it should be limited to those who can read and write, without distinction of color—we can well understand. But what we cannot understand, nor can any of those who have sustained your cause, is the exclusion of the race."

"But what would most disturb all our hopes would be to see those freedmen who had spilled their blood for the Union rewarded for their devotion by

being deprived of those rights which are, in all republican governments, the appanage of those brave men who are called to bear arms for their country; at the same time that the rebels, who had torn the bosom of their country, and begged the intervention of the foreigner, are not only re-enjoying the rights they had before the war, but are made the arbiters absolute of the fate of loyal citizens."

## CURRENT EVENTS.

The central, culminating news of the week is the invasion of Canada by the Fenians. There seems to be an uprising of their secret clans throughout the country. We are inclined to think that the attack on Canada has for its main object the involving this country in a war with England. We sincerely trust that if so the intent will prove a signal failure. The startling news reached us that several hundred had crossed the Niagara River opposite Buffalo, and taken Fort Erie under the command of Gen. McNeil. Making good use of their first success, they marched to Ridgeway, a few miles distant, where they came in contact with a regiment—"The Queen's Own"—Canadian volunteers, under the command of Col. Booker. The latter were defeated, and the leader gloriously fled. Returning to Fort Erie, the Fenian forces fought another battle with other troops sent to attack them, and were again victorious. By force of circumstances, however, a large number of troops being sent to attack them, they felt compelled to recross the river. While doing so they were captured by the United States steamer Michigan. They will not be delivered to the Canadian authorities, but probably tried, especially the officers, for violation of the neutrality laws. It seems that this affair was only a feint, that the real attack was to be across the St. Lawrence. Gen. Murphy is represented to have had from five thousand to ten thousand men at Malone, county seat of Franklin Co., N. Y., ten miles from the Canadian line, also three thousand at St. Albans, Vt. under Gen. Spear. The President has issued a proclamation, directing that the land and naval forces be employed to enforce the Neutrality laws, declaring the Fenian invasion of a country with which we are at peace a high misdemeanor, forbidden by the laws of the United States and the laws of nations. It is a financial curiosity that the Fenian attack sent gold up at Montreal to 200 per cent premium. We have no sympathy with the Fenians in this invasion. We believe that it will retard the cause of Irish liberty. The hair-brained enterprise, aside from involving many lives will do great injury to the industrial interests of the country. President Roberts and Gen. Sweeney are arrested. Roberts refuses to give bail. The Fenians are said to be everywhere disbanding, and in a desponding mood.

A terrible affair occurred in Orange County, N. Y. A miller used lead instead of the usual cement to fill up the vacuum in his stones. The attrition infused the flour and meal with the lead. Lead in itself is comparatively harmless, but the fermenting process transformed it into carbonate of lead, one of the deadliest of poisons. Hundreds of persons have died or are worse than dead; suffering and wrecked for life.

The trial of Jeff Davis is postponed until the first of October. Marshall, Battle Creek, and Grand Rapids have been visited with serious fires. The Republican Central Committee met at Detroit and decided to call a State Convention in August. Mrs. Hayland and Dr. Baker are both found guilty of murder in the first degree, and sentenced to solitary confinement for life. A just sentence. President Johnson and Cabinet have promised to be present at the laying of the corner stone of the Douglas Monument at Chicago, which will take place immediately after the adjournment of Congress.

A LECTURE FOR THE PRESS.  
While almost every other industrial interest was stimulated by the war, the local Press was a sufferer to an extent unthought of by those whose good fortune it was to have no pecuniary connection with it.

The eager desire for the latest news induced thousands to transfer their patronage to the Daily Press, so that almost all interest in Weekly local papers was destroyed at the very moment that the price of type, ink, paper, and labor went up beyond all calculation, and taxes were added to its burdens.

To raise the prices of subscriptions or Advertising to correspond, was impossible. How the local Press managed to live, and how it still survives, is a wonder to its managers themselves.

To recall public attention to this matter, and assist a poorly remunerative business, the proprietors of the Press in Ypsilanti have engaged Dr. E. O. Haven, President of the University of Michigan, to Deliver a Lecture on "The Newspaper Press," in Hewitt Hall June 19th, the net proceeds to be equally divided between their establishments.

The ability of this distinguished Lecturer, and the fruitfulness of the subject, will insure both instruction and entertainment. The Dr. has himself been a distinguished member of the Press, and therefore will speak *ex cathedra* on the subject.

It gives us, also, to state that as soon as Mr. W. B. Hewitt was apprised of the intended Lecture, with characteristic liberality, he offered to give the use of Hewitt Hall at the disposal of the Press gratuitously, thus giving encouragement to the enterprise most significantly.

We trust that our friends will second this movement by a cheerful patronage, and crown it with success.—Sentinel.

PRESIDENT HAVEN at Hewitt Hall, Tuesday evening June 19th. Subject, "The Newspaper Press."

It is a bad thing to make up a fight, but a good thing to make up a quarrel; but it is a better thing to fight than to have your Grocer palm off any other Saleratus on you than Herriek Allen's Gold Medal, manufactured at 112 Liberty Street, New York. We are glad to see that a good many of our Merchants are selling it notwithstanding they can't make so good profit on it as on other kinds. If any one wants to get up a fight with us, let them try and put some other kind of Saleratus or Soda on to us, besides Herriek Allen's Gold Medal.

## Home Enterprise.

Boot and shoe business is an important  
item in the productive industry of the coun-  
try. We cannot in Michigan boast of the ex-  
tensive manufactories of New England, where  
hundreds are employed in a single establish-  
ment. We do not begin to manufacture the  
boots and shoes worn by our people. The  
importations must rise up into the dignity of  
hundreds of thousands.

E. G. Boyce is one of the leading manu-  
facturers and importers of our city. He has  
a capital position, two doors south of the P.  
O. From eight to a dozen hands are em-  
ployed almost constantly, of course making  
extensive sales of home make. But this is  
only a tithe of their sales. The importations  
from abroad of the very best brands are large.  
In purchasing, their motto is a good one—  
"The very best article possible, even if it  
costs a little more"—giving their patrons the  
benefit and saving themselves by quick sales  
and numberless small profits, in the aggre-  
gate however paying well. Every variety of  
boot is here found, and shoes of multiform  
styles. The lady of plain, unassuming taste,  
as well as her of the most fashionable ideas,  
can be gratified.

## Rev. Mr. Pardee.

Is on a visit to our State to attend the S. S.  
Union Convention at Kalamazoo. An Insti-  
tute was held at Ann Arbor last to be in-  
structive and interesting. Monday afternoon and  
evening Mr. Pardee addressed the friends of  
Sabbath schools in this city. We heard him  
in the afternoon only. His suggestions in  
the main were judicious. His manage-  
ment of a lesson is good: 1st, getting at the  
meaning of words; 2nd, use of words in the  
lesson; 3rd, general scope of the lesson;  
4th, application of the lesson. His addresses  
here will prove a lasting benefit to those  
teachers who heard them.

## A Model Store.

M. S. Post & Co. had long felt the need of  
more room to keep up with their increasing  
trade. A happy thought struck Mr. Post,  
and with him to resolve to act. Straight-  
way the carpenters are set to work, and a hole  
is cut in the upper ceiling, opening in the  
light and forming a complete clothing gallery  
on the second floor. The miserable stairway  
in the back part of the store is torn away,  
and a neat, capacious one is made, conve-  
niently connecting the lower and upper rooms.  
It is a fine improvement. S. Post & Co. are  
now prepared to wholesale or retail goods on  
such terms as will largely increase the past  
generous patronage given them.

## Base Ball.

A match game took place between the fol-  
lowing clubs, on Saturday last, resulting in  
the defeat of the Ypsilanti club, as will be  
seen by the score:

## Normal Lyceum.

Last Friday week there was a novel dis-  
cussion. Resolved—"That women are en-  
titled to the elective franchise." The ques-  
tion, with the exception of the two essayists,  
was solely discussed by young ladies. And  
admirably done too. It was decided justly in  
the affirmative. In the language of Theo-  
dore Tilton: "I demand the ballot for wo-  
man, not for her sake, but for man's sake."  
"When woman enters politics she shall  
drive Fernando Wood out of it." Next Fri-  
day occur the Public Exercises connected with  
the Lyceum.

## A Big Sale in Prospect.

A week from today, June 16th, there will  
be sold at public auction the Newell Block,  
at the Depot. Also a lot and dwelling house  
in the rear. It is a desirable location for al-  
most any commercial purpose, and will  
doubtless sell to good advantage.

## Cadet.

Frank Edmunds, son of Gov. Edmunds of  
Dacotah Territory, has received an appoint-  
ment as cadet at West Point. Frank is a  
good boy and will, we believe, honor the ap-  
pointment.

## DIED.

**BACON**—May 8th, Adda, youngest daugh-  
ter of Jacob and Betsey Bacon, of Superi-  
or, aged 25 years.

Frail in body, she was strong where grace  
gives strength. Like the Apostle John, she  
"knew the love which God hath to us." And  
her faith gave her unspeakable joy. There  
were tears on earth when she left it.

"But up that beautiful city of light,  
Away from earth's shadows and storms and  
blight,  
A child of humanity, shrouded from sin,  
Had entered the pearly gates within.

Ah! the world grew darker to many that day,  
For the shattered casket of delicate clay;  
But a glorified spirit, with powers new-given,  
Was chanting its first sweet anthem in heav-

**BACON**—May 22nd, Mrs. Betsey, relict of  
the late Jacob Bacon, of Superior, in the  
71st year of her age.

Mrs. Bacon, with her husband and six  
children, came to this place in 1830, and with  
her husband, united with the Presbyterian  
church by letter, when but one horse team  
came to church on the Sabbath, and the ox  
teams were made fast to stumps about the  
Red School-house.

This was a change to which it was hard  
for her to become reconciled. She had been  
brought up in Williamstown, Mass., right op-  
posite the college, had enjoyed the society of  
such men as President Fitch, and in society  
mingled with such young men as Jonas King,  
now for many years honored missionary to  
Greece, Loomis and others who went from  
that seat of learning to all parts of the world  
to preach the Gospel. And not until her  
children grew up around her did she seem  
satisfied with the west.

Her father said of her conversion when a  
young woman, "The change in Betsey was  
more marked than in the rest of the chil-  
dren." This gracious endowment, with good  
school advantages in her youth, and a well  
balanced mind and cheerful temper, qualified  
Mrs. Bacon for a work of immeasurable use-  
fulness in her own family of ten children; by  
whom she has been tenderly loved and ap-  
preciated. Though fond of society, she felt  
that her sphere was at home, where many old  
residents will testify she always seemed most  
happy to receive them with a most generous  
hospitality.

Her sufferings in her last long, lingering  
illness were very great; but she bore them  
with christian resignation. Having seen her  
youngest child, whom, on account of bodily  
frailty, she had wished might go first, pass  
triumphantly into the heavenly rest, the fond  
mother and devoted christian went also into  
the same glorious and eternal home.

How precious the christian faith! Oh that  
all would more earnestly seek it.

## TO CONSUMTIVES.

The advertiser, having been restored to health  
in a few weeks by a very simple remedy, after  
having suffered for years with a severe lung af-  
fection and that dread disease consumption—  
is anxious to make known to his fellow suffer-  
ers the means of cure.

To all who desire it he will send a copy of  
the prescription used, free of charge, with di-  
rections for preparing and using the same,  
which they will find a sure cure for Consump-  
tion, Asthma, Bronchitis, Coughs, colds and all  
throat and lung affections. The only object of  
the advertiser in sending the prescription is to  
benefit the afflicted and spread information  
which he conceives to be invaluable, and he  
hopes every sufferer will try his remedy, as it  
will cost them nothing, and may prove a bless-  
ing.

Parties wishing the prescription free by re-  
turn mail, will address  
REV. EDWARD A. WILSON,  
Williamsburgh, Kings Co. N. Y.

## A SINGLE BOX OF BRANDRETH'S PILLS.

contains more vegetable extractive matter  
than twenty boxes of any pills in the world  
besides; fifty-five hundred physicians use  
them in their practice to the exclusion of oth-  
er purgatives. The first letter of their value  
is yet scarcely appreciated. When they are  
better known sudden death and continued  
sickness will be of the past. Let those who  
know them speak out in their favor. It is a  
duty which will save life.

Our race are subject to a redundancy of  
vitalized bile at this season, and it is as dan-  
gerous as it is prevalent; but Brandreth's  
Pills afford an invaluable and efficient pro-  
tection. By their occasional use we prevent  
the collection of those impurities which, when  
in sufficient quantities, cause so much danger  
to the body's health. They soon cure Liver  
Complaint, Dyspepsia, Loss of Appetite, Pain  
in the Head, Heartburn, Pain in the Breast,  
Sudden Faintness and Costiveness. Sold  
by all respectable Dealers in Medicines.

CHOLERA, DIARRHÆA, AND DYS-  
ENTERY.

A cure is warranted by Dr. Tobias' cele-  
brated VENETIAN LINIMENT, if used when  
first taken by persons of temperate habits.  
This medicine has been known in the United  
States over 20 years. Thousands have used  
it, and found it never failed to cure any com-  
plaint for which it was recommended, and all  
those who first tried it, are now never without  
it. In the cholera of 1848 Dr. Tobias attend-  
ed 40 cases and lost 4, being called in too late  
to do any good.

DIRECTIONS.—Take a teaspoonful in a  
wine glass of water every half hour for two  
hours, and rub the abdomen and extremities  
well with the Liniment. To allay the thirst,  
take a lump of ice in the mouth, about the size  
of a marble every ten minutes. It is warrant-  
ed perfectly innocent to take internally.  
Sold by all druggists, price 40 and 80 cents.  
Depot, 56 Courtland St., New York.

## DEAD HEADS.

or in other words, heads whose once glorious  
locks have withered and whitened, can in a  
few moments be re-dressed with all their  
youthful attractions, by a single application  
of that wonderful talisman Chistadoro's hair-  
dye, grizzled whiskers and moustaches, ladies'  
curls into which the snow of age has perma-  
nently drifted, and red, sandy, or white-  
brown hair, receive, as if by magic, the rarest  
shades of black or brown from this harmless  
botanical hair darkener. Manufactured by  
J. CRISTADORO, 6 Astor House, New York.  
Sold by druggists. Applied by all Hair Dress-  
ers.

## REDUCTION IN PRICE.

On the AMERICAN WATCHES, made at  
Waltham, Massachusetts. In consequence of  
the recent great decline in gold and silver, and  
all the materials used in the manufacture of  
our goods, and in anticipation of a still further  
decline, we have reduced our prices to as low  
a point as they can be placed with gold at par,  
so that no one need hesitate to buy a watch now  
with the expectation that they will be cheaper  
at some future time. The test of two years &  
the manufacture and sale of more than 200,  
000 Watches, have given our productions the  
very highest rank among timekeepers. Com-  
mencing with the determination to make only  
thoroughly excellent watches, our business has  
steadily increased as the public became acquaint-  
ed with their merits, until for months together  
we have been unable to supply the demand.  
We have repeatedly enlarged our factory build-  
ings until they now cover over three acres of  
ground, and give accommodation to more than  
eight hundred workmen.

We are fully justified in stating that we now  
make more than one-half of all the watches  
sold in the United States. The different grades  
are distinguished by the following trade marks  
engraved on the plate:

- 1 "American Watch Company," Waltham, Mass.
- 2 "Appleton, Tracy & Co." Waltham, Mass.
- 3 "P. S. Bartlett," Waltham, Mass.
- 4 "Wm. Ellery."
- 5 Our Ladies' Watch of first quality, is named "Appleton, Tracy & Co. Waltham, Mass."
- 6 Our next quality Ladies' watch is named "P. S. Bartlett," Waltham, Mass.

These watches are furnished in a great va-  
riety of sizes and styles of cases. Without dis-  
tinction of marks or prices, ALL the produc-  
tions of their factory are fully warranted to be  
the best timekeepers ever made in this or any  
other country. Buyers should remember, that  
unlike the guarantee of a foreign maker, who  
can never be reached, this company is always  
responsible.

CAUTION.—The public are cautioned to buy  
only of respectable dealers. All counterfeiters  
will be prosecuted.  
ROBBINS & APPLETON,  
Agents for the American Watch Co., 182 Brod-  
way, N. Y.

## CATARRH!

**CURED FOR ONE DOLLAR.**  
READ!—For one dollar by mail, I will send  
free to any address a recipe and medicine that  
I will guarantee to cure the worst cases of cat-  
arrh in the head or bronchial tubes in a few  
weeks.

It has saved my life, and made me a  
wellman, from Catarrh and a severe and dan-  
gerous bronchial trouble I had suffered with  
for years. I tried the best physicians, and all  
the advertised medicines of the day, but found  
no relief till I obtained this. I would give one  
hundred dollars for this recipe and the medi-  
cine, if I now had the Catarrh and could not  
obtain it less. I believe if instructions are fol-  
lowed it will cure any case whatever, that has  
not reached the lungs and become a settled  
consumption. Cure it while you can.
